

Mine to Market: Strategies, Solutions, Security

A new insightful editorial initiative from Industrial Minerals, examining core issues influencing primary sectors of the global non-metallic minerals business

MOVING MINERALS

18 November 2010, Amsterdam

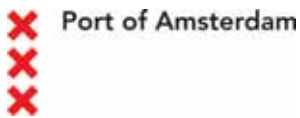

ROUNDTABLE

A new one day roundtable forum bringing together leading providers and users of the mineral logistics sector to participate in presentations and panel discussions addressing key topics and issues in Europe, within a global context, looking forward to 2020.

Our inaugural **IM Roundtable** concludes with a dinner cruise around Amsterdam harbour sponsored by Yasheya Ltd. 

SPONSORS

Discussions to include:

- Ocean freight market outlook
- Factors influencing rail, truck, and barges
- Stevedoring developments
- Trends in bulk vs container concepts
- Mineral inspection issues
- Warehousing/stocking activities
- Options for evolving freight routes
- Specific mineral case studies and solutions
